

A Wicked Cut
Wounds from axes, hatchets and painful contusions from blunt instruments require Johnson's Anodyne Liniment to relieve pain and properly heal them. Keep it in the house for emergencies.

JOHNSON'S ANODYNE Liniment

An instant banisher of every external pain—particularly effective in curing Burns, Scalds, Muscular Rheumatism, Sprains, Stiff Joints, Sprains, Strains, Chills, Stomach Bites, Chaps, Insect Bites, etc.

Guaranteed under Food and Drug Act, June 30, 1906. Serial No. 511, 85 and 50 cent sizes.

J. S. JOHNSON & CO., Boston, Mass.
Keep it always in the house.

At the 'Ville.

Lyndon Union Club.

The regular meeting of the Lyndon Union Club was held Thursday evening, in charge of the Education committee, and was open to all interested. The attendance was very good. Mrs. A. L. Paine, chairman of the committee, read resolutions passed on the death of Mrs. Charles Miller, the first club member to pass away. The speaker of the evening was State Superintendent Mason S. Stone, who spoke on some deficiencies in our system of training children. Mr. Stone is an easy and interesting speaker, and held his audience completely during the talk. He complained that there is no opportunity for boys and girls in this state to receive a good industrial training, that they do not receive nature training and are not fitted for farm or domestic life. Mr. Stone's remarks were true, and the facts cited are regrettable. The only criticism on his speech is that it needs a sequel, in which he shall suggest some feasible remedies, and this we hope he may do at some later period. After his remarks a social hour was spent, punch and wafers being served. The next meeting of the club will be on April 15. It will be the annual business meeting, with reports and the election of officers.

Mr. and Mrs. Henry Wilkie are spending this week with relatives in Burke.

Mrs. Josephine Carr, who is teaching in Taunton, is spending her Easter vacation with her mother, and sister, Mrs. Wilder and Mrs. H. L. Parker.

Fred Dwinell and Bruce Wakefield are at home from Cushing Academy, Ashburnham, Mass., for the spring vacation.

A rare treat is expected on Saturday evening, April 10, when Judge Ben B. Lindsey, the famous "Kids' Judge" of Denver, will speak on "The Misfortunes of Mickey." There is probably no one man on earth who understands boy nature better or has done more good among boys and girls, and everyone will wish to hear him. In order that the children may enjoy this opportunity, all the 7th, 8th and 9th grade pupils will be admitted to the lecture free, provided they are accompanied by at least one grown person, who shall pay a 35 cent seat. After all the ticket holders have occupied their seats, the ushers will seat the children in the unoccupied seats throughout the house.

Mrs. C. B. Dodge is the hostess of the Christmas Club at their regular meeting this afternoon.

The Ladies' Auxiliary of the Sons of Veterans have a new sugar party in the G. A. R. hall this evening.

Mr. and Mrs. C. B. Hutchinson and daughter Bessie go to Sherbrooke this week to spend Easter with Mrs. Irvine.

Elith Lewsey is quarantined with scarlet fever. At present the case is progressing lightly.

Elwyn Campbell's little daughter, Alberta, from Fair Haven, Mass., is stopping at E. M. Campbell's, and John Nash's and will probably remain through the spring and summer.

New sugar, doughnuts and pickles were the attraction at a supper which the men of the Methodist church served Friday evening.

Mrs. Dexter Whitney is suffering terribly from blood poison in her hand.

The Universalist Ladies' Aid society will hold their annual Easter sale and supper in the vestry Friday evening. Aprons, fancy articles and candy will be sold, followed by an appropriate Easter supper, served from 5.30 until all are served.

There will be a special union service of all the churches on Good Friday evening in the Universalist church, at 7.30. Rev. Mr. Margraff of North Hatley, P. Q., Rev. Mr. French of the Congregational church and Rev. Mr. Jones of the Methodist church will assist the pastor in conducting the service.

The Lyndon club held a pleasant checker tournament Saturday evening, at which they entertained a number of invited guests from St. Johnsbury, who were ungalant enough to win the tournament by a score of 29 to 11 points. Refreshments were served.

George Murch is at home from Boston for a few days.

Easter millinery openings at all the hat emporiums this week, preparatory to a great display next Sunday.

E. J. Blodgett has rented from C. M. Darling a building on South street, and is to open a garage for automobiles and will also run an automobile and bicycle repair shop in connection with it. He will sell automobiles, bicycles and motorcycles, sundries and supplies. He has engaged an expert machinist, and expects to be ready for business as soon as the weather will permit.

Mrs. R. R. Serings of Woodsville was in town, Monday.

Elmer A. Darling is at his country place for a time, coming up from New York to enjoy the springing. Miss Louise Darling has just returned home from a week's trip to Washington.

Mrs. George Ide has invited the members of the Christmas Club to "sugar off" with her today at the Ide camp.

Miss Alice Kimball, the new teacher who is to take the place of Mrs. Shepherd in the graded school, has arrived and began her school Monday. Miss Kimball is from Hardwick. She is boarding at Webb's Hotel this week and will board at W. P. Sherburne's after that time.

Principal G. A. Jamieson has been very much under the weather for several days with a bad cold. He was unable to teach the first of the week, and was assisted in his work by Supervisor M. E. Daniels.

Mrs. W. F. Stoddard is suffering with a badly sprained arm, caused by a fall.

BARNET.

Benjamin Gadley had the old barn on the John H. Moore place pulled down Saturday. He is going to use the timber in a new barn he is about to put up on his own premises.

Milo Kinny finished his job as rural mail carrier Thursday, and Walter Kendall has been appointed to carry mail on that route until the final appointment is made.

Dr. Robert Hazleton of Lebanon was in town last week and Franklin Dow returned home with him for a visit.

The primary school opened Monday with Miss Douglass as teacher. Miss Thorne, who is to teach the upper grade, was detained at home by illness.

The ladies' missionary meeting was held at the home of Mrs. Albee, Tuesday afternoon. A paper on China was read, written by Charles Edward Scott, a missionary teacher on the field. The paper was full of interest.

J. H. Goodrich has wired the Wallace building for electric lights and installed a Citizens' phone. Other repairs on the building are going on rapidly.

Mrs. Chandler Whitney and Hazel Kay visited friends in Woodsville last week and Fred Kay of Jefferson, N. H., spent several days early in the week at the home of Chandler Whitney.

James Cade met with a painful and serious accident last week when his cow accidentally threw her head up against his side and giving him serious injuries from which he suffered intensely all night. Friday he was taken to St. Johnsbury on a cot bed, where he was operated on at Brightbrook Hospital. At present writing he is reported as doing well and all his friends wish him a sure and speedy recovery.

Mrs. Walter Johnson and Mrs. Benjamin Gadley visited friends in Groton, Wednesday.

Lumber is on the ground for repairs and improvements on the Gillfillan & Chase store.

Miss Mary Brock of Barnet Center has entered the training school for nurses at the Boston Homeopathic Hospital. She left Barnet last week.

The Boys' Club met at the parsonage Thursday evening.

Rev. Charles O. Day has presented seven volumes of books to the Public Library.

Miss Doris Spafford visited her grandparents, Mr. and Mrs. Samuel Stoddard, last week. She returned home to Orleans, Saturday.

(From an occasional correspondent.)

Mr. and Mrs. Fred Kay of Cherry Mountain, N. H., visited at C. B. Whitney's, Tuesday and Wednesday of last week.

Word was received Wednesday that Mildred Smith, little daughter of Edward Smith, formerly of Barnet, is very sick with whooping cough and pneumonia. Her mother is quite ill with grip and lumbago.

The many friends of Hurd Cade are pleased to learn that he has recently been married. For many years he was a resident here, and at present is home-steading land in Dakota.

William Roy drove 14 pair of oxen to the market, Monday morning. They were beauties and should bring a good price in market.

Mrs. H. A. Gillfillan, who has been with her daughter, Mrs. Davidson of Turners Falls, Mass., since November, returned to her home, Wednesday.

Miss Abbie Hall, who has been attending the academy at St. Johnsbury, is home on a short vacation.

Master Hazen Goehoe is running the saw for his father, in the saw mill, and is doing very good work.

Bert Arlan was laid up with a lame back several days last week.

Mrs. Charlotte Dow sang at the funeral of Samuel Somers last week Tuesday.

The many friends of Miss Augusta Pierson, formerly of Peacham, will be sorry to hear of her death.

Mr. and Mrs. Harvey Drew have been called back to his home by the serious condition of his mother, Mrs. George Drew. They will make their home there for the present. Mr. Drew has engaged to work for A. N. Gillfillan for the summer.

Louis Cade is drawing his logs to Peter Goehoe's to be sawed.

William Rathburn has moved into Pynn Douse's block.

Archie Allen, who has been working in a bakery at Bellows Falls, is visiting in town.

Walter Johnson is suffering greatly from rheumatism.

Miss Nettie Gibson was the guest of Mrs. James Gillfillan, Tuesday.

Miss Clara Smith is spending some time at her sister's, Mrs. Chester Somers, at South Peacham.

Mrs. Byron Berry is quite ill with rheumatism.

James Cade, who was seriously injured last winter by falling off his house while putting out fire, was again injured in the same place last week by his cow, which hit him with her head. He suffered greatly all night and Thursday was taken to St. Johnsbury for an operation.

Ruth and Florence Wilder have returned from Dorchester, Mass., where they have spent their vacation.

Leslie Gilbert is having one end of his shop finished off for a millinery store. Mrs. Nettie Harden of St. Johnsbury will occupy the room.

Willard Stoddard has been working for A. N. Gillfillan during the absence of Mr. Potter.

Lora Morse of St. Johnsbury will have her millinery opening, Saturday, April 10, at the same location, Mrs. Martha Hazleton's, and continuing each week Tuesday, Wednesday, Thursday, Friday, Saturday, with a full line of millinery.

EAST CABOT.

(From an occasional correspondent.)

Mrs. Hattie James of Concord is visiting her sister, Mrs. Horace Gillfillan.

There will be an Easter concert by the children and Rev. C. O. Day will speak on the resurrection next Sunday.

Lorraine Webster is at home from Vermont Academy at Saxtons River for the Easter vacation.

E. G. Farnsworth is on the sick list. Mrs. C. A. Bailey and son, Ora, spent Saturday at Lyndonville with relatives.

Jess Russell went to Brightbrook Hospital for a few days last week to recuperate.

EAST RYEGATE.

At Danville.

The students of Peacham Academy will present the three act drama "At Random Run" at the Town Hall, Thursday, under the auspices of the Danville band. It was very successfully given at Peacham last week. There are two Danville boys in the cast, Charles Dole and Austin Goss.

Easter will be observed at the Methodist church Sunday morning by a special sermon and Easter music.

There will be a sugar party at the Methodist church Wednesday evening.

Mrs. Wilbur Sherburn of Lyndonville is visiting at M. V. B. Dow's.

Three union holy week services are being held this week: Wednesday evening at the Congregational church; Thursday, 2.30 p. m., at the Methodist church; and Friday, 2.30 p. m., at the Congregational church.

The Congregational church and Sunday school Easter services will be conducted as one service next Sunday morning. It will last a little over an hour. The Easter meeting of the Y. P. S. C. E. has for its subject, "Risen with Christ."

All those having books from the library are requested to bring or send them in Saturday, as the committee wish to recatalogue and repair them.

The Ladies' Aid society of the Congregational church will hold a social, April 14.

Mrs. Ernest Hartshorn, who was taken ill on her recent trip to Washington, returned home Friday and is now gaining.

Mrs. Charles Ranney and Mrs. A. C. McLean have been confined to the house by illness the past week.

Mrs. E. K. Hill of East Barnet visited at A. C. McLean's, Sunday.

Miss Marion Worthen is visiting friends in Newport.

Mrs. Charles Wilson is in St. Johnsbury visiting relatives.

The Grange will have a sugar party at their regular meeting, April 13, and Dr. C. E. Libby will be master of ceremonies. The following program will be given: Song, by Harry Davis; paper, "How to beautify our grounds," George Crane; song, by Mrs. Charley Bartlett; paper, "General farming," Albert Stevens; recitation, Earl Coveny; violin solo, Mrs. Abbie Davis.

Eleanor Dole, who has been spending a short vacation at home, returned to the University of Vermont this week.

Guy Rowe and Durant Dole are home from Norwich University for the Easter vacation.

Mrs. Arthur Heath has returned from Cabot on account of the illness of her mother, Mrs. Mary Brown, at W. C. Heath's.

Mrs. Charles P. Fellows has been quite ill the past week.

Miss Lou Davis visited friends in Waterford last week.

Mrs. Charles Wilson and daughter Flora, who have been boarding during the winter, returned to their house on Saturday.

B. U. Wells, the West Danville merchant, is showing the best line of Mens' and Boys' New Spring Suits ever placed on sale in this section. Every Suit is cut in the very latest style from handsome material and his prices are way under clothing store figures, \$3.50 to \$18.00. Buy your new Suit of Wells, and you will own it right. Sherwin and Williams Paint Store. Eggs, 20 cents a dozen.

Farm and Garden

WIDE TIRED WAGONS.

Result of Experiments on Different Roads and Soil.

Some years ago, when the low wheel wide tired handy wagons first began to attract serious attention, the Missouri agricultural experiment station at Columbia, Mo., became interested in wide tires and made a number of experiments. A report has been made on the experiments, with the following results:

Tests were made on macadam, gravel and dirt roads in all conditions and

on meadows, pastures and plowed fields, both wet and dry. The draft was determined by means of a self recording dynamometer. The net load was in every trial the same—viz, 2,000 pounds. Contrary to public expectation, in a large majority of cases the draft was materially less when tires six inches in width were used than when the tests were made with tires of standard width, one and one-half inches.

On dirt roads when dry, hard and free from ruts 2,530 pounds could have

been hauled on the broad tires with the same draft required for 2,000 pounds on the narrow tires. On clay roads, with mud deep and drying on top and spongy underneath, a large number of tests showed uniformly favorable to the broad tire. The difference amounted to from 52 to 61 per cent, or about 3,200 pounds could have been hauled on the broad tires with the same draft required to draw 2,000 pounds on the narrow tires. In this condition of road the broad tires show to their greatest advantage. As the road dries and becomes firmer the difference between the draft of the broad and narrow tires gradually diminishes until it reaches about 25 to 30 per cent on dry, hard, smooth dirt, gravel or macadam road in favor of the broad tire.

The report concludes:

"A large number of tests on meadows, pastures, stubble land, corn ground and plowed ground in every condition, from dry, hard and firm to

very wet and soft, show without a single exception a large difference in draft in favor of the broad tires. This difference ranged from 17 to 120 per cent.

"These statistics throw a strong light upon the question of draft and make distinctly in favor of the employment of wide tires. There is little reason to doubt that the opinion of practical teamsters would support the same proposition. Perhaps it would be better to provide for a gradual adoption of wide tires, but that they are certain to come cannot well be doubted."

TYPE OF WIDE TIRED WHEEL.
